

College for Public Health & Social Justice Approvals

The mentor and two readers are responsible for critical reviews of this prospectus. The mentor, the two readers, and the doctoral program director(s) must sign to indicate full approval.

Comments, if any, may be made by the mentor, readers, or the doctoral program director(s) on separate pages to then be affixed to this document.

Note: If human subjects or laboratory animals are required in the research, the student should obtain the necessary approvals from the respectively prior to the commencement of research and prior to the oral exam. If Institutional Review Board (IRB) or Animal Care Committee (ACC) approvals are required, then this section should not be completed [signatures affixed] until the appropriate approvals are obtained.
